

QFHT / Kingston

Locum (Faculty Associate) Physician Opportunities

Looking for a new opportunity?

We are looking for dedicated, enthusiastic locums (known as faculty associates within our practice) to cover leaves year-round and in summer 2021 in our teaching clinics. Faculty associate opportunities available include those for short-term vacation coverage and long-term coverage for sabbatical or maternity leaves.

The Department of Family Medicine at Queen's University is a fully accredited and award-winning program that provides interprofessional clinical care at our Queen's Family Health Team (QFHT) locations. QFHT serves as the teaching site for approximately 50 first-year residents.

QFHT is a dynamic group of 23 physicians, allied health professionals, and support staff committed to delivering quality care to more than 15,000 active patients in the Kingston area and to modelling excellence for our learners. Our academic practice is located in two downtown Kingston sites (220 Bagot Street and 115 Clarence Street). We use the OSCAR EMR system and the OTN e-consult service. Our programs and services include INR management; foot-care services; mental health counselling; obstetrics, prenatal care, and lactation support; smoking cessation; and well-baby, well-child programs.

Successful applicants must be licensed to practise in Ontario on or before their appointment start day, with preference given to candidates who have a valid certification from the College of Family Physicians of Canada. As we are an academic family health team, locum responsibilities include both patient care and resident supervision and teaching.

Our QFHT clinic is open Monday to Friday from 9 a.m. to 4:30 p.m. (closed between noon and 1:30 p.m.). Our after-hours clinic is open Monday to Thursday from 5 p.m. to 8 p.m. and Saturdays from 1 p.m. to 4 p.m.

A competitive remuneration and benefits package is offered. As well, for those considering this opportunity, Kingston offers a myriad of outdoor activities including world-class sailing, kayaking, boating, scuba diving, golf, hiking and cycling within the Thousand Islands tourist region.

Applicants are asked to submit the following:

1. A current curriculum vitae;
2. A completed Faculty Associate Application Form, which can be accessed [here](#);
3. The names and contact information for three referees;
4. A cover letter outlining how current qualifications and experience match our requirements;
5. A letter of good standing from the College of Physicians and Surgeons of Ontario (CPSO); and
6. Proof of membership with the Canadian Medical Protective Association (CMPA).

The university invites applications from all qualified individuals. Queen's is committed to employment equity and diversity in the workplace and welcomes applications from women, visible minorities, Aboriginal peoples, persons with disabilities, and LGBTQ+ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadian citizens and permanent residents of Canada will be given priority. To comply with federal laws, the university is obliged to gather statistical information as to how many applicants for each job vacancy are Canadian citizens / permanent residents of Canada. Applicants need not identify their country of origin or citizenship; however, all applications must include one of the following statements: "I am a Canadian citizen / permanent resident of Canada" OR "I am not a Canadian citizen / permanent resident of Canada." Applications that do not include this information will be deemed incomplete.

Applications for locum physician opportunities should be forwarded to:
